

Tender Notice User ManualGuide

TenderNotice

Tender Notice is an electronic tendering system that helps to manage tenders through website. All the tender notices published in various newspapers are collected and posted online and users can access and download tender documents. It simply facilitates and manages tender process in a simple manner for all users.TenderNotice.com.np replaces the manual paper-based tender processes with electronically facilitated processes based on best tendering practices to save time and money. This reduces the need to go through many newspapers just to view tender notices.
