## About TenderNotice

Bid and Tender issue process is one of the prime business activities related to procurement of goods and services in any institutions. In today's information technology driven business scenario, the need for information on online bid and online tender environment is essential for both the public and private sector organization.

Keeping this in view HARATI Software has developed online Tender Notice and Tender News portal called TenderNotice.com.np.

TenderNotice.com.np is an e-Tender service providing portal provides information on any **business opportunities, Bids Notices, Tender News** etc. on the same day notice is issued on newspaper.

## How does it work?

TenderNotice.com.np primarily provides all Bids and Tender notices published in all daily newspaper of Nepal. Tender Notices from Government, Private and Non Government and any other institutions are posted online and the users can access and download tender documents.

TenderNotice.com.np is one of the key sources of information for online tenders news

## We don't miss any Newspaper.

TenderNotice.com.np covers all daily newspaper published in Nepal.

# 04 | sAttend.com

sAttend.com is a cloud based student Attendance Management System that helps to keep student's attendance record in a systematic & effective way. The application is based on Saas(Software as a service) technology. Since, it works on subscription basis &one don't even need to have expensive software and hardware for installation &hosting. It is very easy and completely hassle free. Now, forget about calling roll number with sattend.

As the system is completely web based anyone can use it from anywhere and any internet browser enabled devices. It facilitates the swift and easy recording of large number of students' attendance in one's schools and colleges in a very short time.
